

Massachusetts Consultation Service  
**MCSTAP**  
for Treatment of Addiction and Pain

## MCSTAP Case Discussion Call-In Hour

Join us for a case presentation, conversation, and  
Q&A on the third Wednesday of every month  
CME available

**Next Date: Tuesday November 17, 2020; 12-1 p.m.**

**Topic:** Confusing Post-Op Pain in a Complicated Patient with  
PTSD: Sometimes Less is More

**Presenter:** Christopher Shanahan, MD, MPH, FACP  
MCSTAP Medical Director

### Learning Objectives

Upon completion of this activity,  
participants will be able to:

- Demonstrate an understanding of guidelines for safe prescribing of opioids
- Assess a patient for undiagnosed substance use disorder and/or unmanaged chronic pain
- Develop and implement a plan for treatment of chronic pain and engaging the patient in accepting the plan

### Target Audience

Primary Care Physicians, Internists, Family Practice Physicians, Nurse Practitioners, Nurses, and Physician Assistants
